

Letter Of Motivation

My name is **Jidnyasa Rajendra Thakur**, born on **November 29, 2003**, and I am an Indian citizen. I am writing to express my sincere interest in pursuing the **M.Sc Applied Economics program at the University of Wuppertal**. To ensure my readiness for this academic pursuit, I have successfully passed the **IELTS exam** with an overall **band score of 6.5**.

Academically, I completed my education from the Maharashtra State Board of Secondary and Higher Secondary Education, finishing my 10th grade in 2019 and 12th grade in 2021. Currently, I am in the final stages of my Bachelor of Commerce (Accounting & Finance) at the University of Mumbai, where I have achieved a CGPA of **9.07 (equivalent to a German grade of 1.46)** up to the 5th semester. During my academic journey, I had the opportunity to intern at M/S Beena Finvest in Navi Mumbai, where I engaged directly with clients to provide information about shares. This hands-on experience piqued my interest in economics and finance, encouraging me to learn more about the subject.

The **M.Sc Applied Economics program** at the University of Wuppertal fully matches my academic interests and professional aspirations. My interest in economics was piqued throughout my undergraduate studies, especially when I saw how profoundly influential economic policy and financial systems are on society. The Applied Economics program's extensive curriculum, which focuses on empirical research and quantitative analysis, will provide me with advanced abilities for understanding and solving difficult economic challenges.

From the M.Sc. Applied Economics program, I will be able to analyze complex economic data and apply quantitative methods to solve real-world problems. I will acquire a deep understanding of economic theories and their practical applications in various sectors, including finance, policy-making, and business. Also, I will develop advanced skills in econometrics, statistical software, and data interpretation, equipping me to provide informed economic insights and policy recommendations.

Upon completing this program, my professional goal is to work as an **Economic Analyst** at a major financial institution. In my job, I hope to help shape strong economic policies and tactics that will generate long-term prosperity. This program's knowledge and abilities will help me achieve my aim and lay a solid basis for my professional career.

Moving forward, I have chosen the **University of Wuppertal** for a number of convincing reasons. To begin, the institution is well-known for its proficiency in economics research and teaching. Second, the University of Wuppertal's broad and foreign student community provides valuable cultural experiences as well as a worldwide perspective on economic challenges. Thirdly, the cutting-edge facilities and resources offered to students will considerably improve my educational experience. Finally, the ability to engage with renowned faculty members who are specialists in their disciplines is a crucial component of this programme.

Germany is also an excellent choice for my further education for several reasons. The country is known for its strong educational system and emphasis on research and innovation. Furthermore, Germany's strong economy and vibrant financial sector provide countless prospects for practical experience and professional progression. The cosmopolitan atmosphere and excellent standard of living make Germany an appealing country to live and study. Furthermore, international students benefit greatly from the availability of a variety of scholarships and financial opportunities.

I am confident that this program at your university will equip me with the skills I need to succeed academically and professionally. I am excited about the chance to contribute to and benefit from the lively academic community at your respected university.

Thank you for considering my application. I eagerly await your acceptance.

Sincerely,
Jidnyasa Rajendra Thakur
