

Statement of Purpose

Introduction

My name is Skanda Gowda, and I am from India. I feel extremely grateful for an opportunity to present itself wherein I can apply for the **Master's program of Supply Chain Management at SRH Hamm**. My area of educational interest is centred around overseeing and improving the flow of goods, services, and information from suppliers to customers which is my main motivator for pursuing this program.

Academics, Projects, Technical Skills

My graduation concluded in July of 2024 in Bachelor of Technology in Mechanical Engineering from PES University, Bengaluru, Karnataka, India. Throughout the program, I came into contact with subjects like Control Engineering, Heat Transfer, Engineering Mechanics - Statics, Engineering Physics, Engineering Chemistry, Mechatronics and MEMS, etc., that proved to be great points of learning. I completed my 10th Standard exams in April 2018 with a score of **85.76% (German Grade: 1.6)**. Then my 12th Standard exams in March 2020 secured me the score of **86.33% (German grade: 1.6)**.

In the duration of my undergrad, I have successfully presented a project for my bachelor's degree titled "Fabrication of 3 Axis Engraving Machine." The focal aim of this project was to build a portable engraving tool that could engrave on wood and metal, among other surfaces. This project required fabrication, assembly, and testing to ensure accuracy and precision. Apart from this, I have completed a course of short duration like "AutoCAD Essential" from CADD Centre Training Services in Bangalore, India, to nurture my technical skills. I also undertook the **IELTS** exam in August 2024 in which I secured an **overall band score of 7.0 along with 7.5 in listening and 7.0 in reading**.

Why Germany?

I am now eager to draw my academic journey forward by applying for Master's abroad. I chose Germany as the country to pursue my Master's in because of its reputation in World Education. Germany places great value on education, especially in the field of science, and this is reflected in the high-quality teaching seen in the country. The courses offered are constantly evolving to meet the changing standards of the world. Not only is Germany more accepting towards cultural diversities, it also provides a safe environment for the international students. The exposure to diversity and German culture will enrich my learning experience. I believe that Germany's educational infrastructure will help me grow both professionally and individually. The country's diverse cultural and historical background, along with its tolerance and welcoming nature, make it an ideal place for international students to achieve success in their studies and personal development.

Why SRH Hamm?

For me, selecting **SRH Hamm** makes sense. The university is acclaimed for its modern technological resources, expert instructors, and emphasis on real-world application. The research centers and the chance to collaborate with esteemed academicians in the fields of artificial intelligence and smart technology are especially appealing to me. With a bustling cultural and commercial scene, where the campus is located, provides a wealth of chances for both personal and professional growth. I am particularly interested in exploring the local job market and networking with professionals in the field of supply chain management. The presence of leading companies in the region, such as DHL and DB Schenker, further enhances the attractiveness of studying at SRH Hamm.

Why This Course?

I am eager to pursue this course for a number of reasons. SRH Hamm's Master of **Supply Chain Management** program is well-known for its extensive curriculum and hands-on methodology. My hobbies and professional objectives are directly tied to the program's modules on procurement and supplier management, supply chain strategy, and logistics and transportation. I am very thrilled about the chance to pick the brains of seasoned professors and get knowledge from professionals in the field. My grasp of supply chain management principles and methods will deepen thanks to the program's emphasis on real-world applications and case studies. I have no doubt that this degree will help me become a better-rounded professional by improving my interpersonal abilities in addition to my technical knowledge.

Conclusion

Therefore, based on my academic results, work experience, and genuine enthusiasm for mechanical engineering, I am confident that the **Master program of Supply Chain Management at SRH Hamm** is the most suitable for me.

Thank you for taking the time to consider my application.

Thanking you,

Skanda Gowda
