

## **LETTER OF MOTIVATION**

I, **Pranali Parmod Korlekar**, am writing to express **my interest in pursuing a Master of Science in Molecular Medicine at Friedrich Schiller University Jena**. This letter aims to outline my academic background, professional experience, and the motivations behind my decision to apply for this course at your esteemed institution.

I completed my **Bachelor of Pharmacy from Vishnu Waman Thakur Charitable Trust's Viva Institute of Pharmacy, affiliated with the University of Mumbai, with a CGPA of 8.60 (German Grade: 1.70)**. My coursework included a **range of subjects such as General Chemistry, Pharmaceutical Biotechnology, Clinical Pharmacy, and Microbiology**, providing me with a solid foundation in both theoretical and practical aspects of pharmacy and related biomedical sciences.

In addition to my academic achievements, **I hold an Advanced Diploma in Clinical Research Management from Dysmech Clinical Services Pvt. Ltd., Pune, where I received training in Clinical Research, Pharmacovigilance, and Clinical Data Management**. I have also completed courses on **US Regulatory Strategy for Biologics & Pharmaceutical Drugs and Communication Foundations, among others**.

Professionally, I have worked as a **Regulatory Affairs Associate at Parexel International India and as an Officer in Regulatory Affairs at Lupin Limited**. My responsibilities included regulatory submissions, compliance, and strategic planning for drug approval processes, which enhanced my understanding of the pharmaceutical industry's regulatory landscape.

My extracurricular activities reflect my proactive and community-oriented nature. I volunteered in an **Environment Day Beach Clean-Up event**, participated in various seminars and workshops, and secured positions in competitive events such as street plays, group dance, and throwball.

I took the **IELTS exam on October 20, 2023, and achieved an overall score of 6.5, with individual scores of 6.5 in Speaking, 8.0 in Listening, 6.5 in Writing, and 5.5 in Reading**.

The **MSc in Molecular Medicine at Friedrich Schiller University Jena** is highly appealing to me due to its comprehensive curriculum and focus on the molecular mechanisms underlying human diseases. The program's emphasis on translational research, molecular diagnostics, and personalized medicine aligns perfectly with my career aspirations. I am particularly drawn to the learning outcomes, which include acquiring advanced knowledge in molecular and cellular biology, mastering experimental techniques, and developing skills in scientific communication and project management. This course will equip me with the expertise required to excel in research and development roles within the pharmaceutical and biotechnology industries. It will also provide a strong foundation for pursuing a PhD, enabling me to contribute to cutting-edge research in molecular medicine and ultimately improve patient care through innovative therapeutic approaches.

**Germany** is renowned for its excellence in scientific research and higher education. The country's strong focus on innovation, robust healthcare system, and numerous research institutions make it an ideal destination for advancing my studies in molecular medicine. Moreover, Germany's collaborative research environment and state-of-the-art facilities will provide me with unparalleled opportunities to enhance my knowledge and skills.

**Friedrich Schiller University Jena** stands out due to its distinguished faculty, interdisciplinary approach, and strong emphasis on research-driven education. The university's strategic location within a vibrant scientific community and its collaborations with leading research institutes make it an attractive choice for my studies. I am particularly impressed by the university's commitment to fostering a supportive and intellectually stimulating environment for its students.

**In conclusion**, I am eager to join Friedrich Schiller University Jena for the MSc in Molecular Medicine to further my academic and professional goals. I am confident that the rigorous curriculum, excellent faculty, and dynamic research opportunities will provide me with the ideal platform to achieve my aspirations and make meaningful contributions to the field of molecular medicine.

**Thank you for considering my application. I look forward to the opportunity to contribute to and grow within the esteemed academic community at Friedrich Schiller University Jena.**

**Pranali Parmod Korlekar**
