

## PURPOSIVE STATEMENT OF END

My name is **Omkar Maruti, Kamble** and I am writing to say how really interested I am in earning a **Master's degree in International and Development Economics at HTW Berlin University of Applied Sciences**. This curriculum seems to fit my academic background and my enthusiasm for helping to create sustainable economic growth really exactly.

Under the Maharashtra State Board of Secondary and Higher Secondary Education, Pune, India, I finished classes tenth and twelve in 2018 in 2020. Currently enrolled in the **Bachelor of Commerce degree** at the University of Mumbai, where I have kept a **CGPI of 7.55 (German grade: 2.23)**, From business development to business economics, financial accounting and auditing, direct and indirect taxation, business communication, and advertising, I have developed a thorough awareness of commerce topics over my studies.

I have a good background in business and economics from working on my undergraduate degree. My classes have given me a strong grasp of several economic ideas and their uses in practical situations. Apart from that, I have participated in activities that have sharpened my vital abilities including communication, leadership, and cooperation.

**The International and growth Economics degree at HTW Berlin University of Applied Sciences appeals especially to me because of its strong emphasis on useful applications and its focus on sustainable economic growth.** During my undergraduate studies, when I had the chance to research several facets of economic growth, my passion in this topic was piqued. Modules like Development Economics, International Trade, and Economic Policy particularly appeal to me since they will equip me with the knowledge and abilities required to solve developing nation economic problems. This curriculum will enable me to acquire a better awareness of the economic problems experienced by many nations and provide me the means to create workable answers.

**Academic quality and a practical approach to instruction define HTW Berlin University of Applied Sciences rather well.** Having more than 14,000 students, the university presents a varied and energetic classroom. Highly experienced and committed to provide their students with a top-notch education, the teaching members Pursuing higher education at the institution is perfect given Berlin's reputation for rich history, culture, and economic possibilities. The prospect of learning in a setting this vibrant and motivating excites me.

**Germany's devotion to research and innovation and its first-rate educational system convinced me to apply here.** Germany is where I wish to stay since the field of education here is significantly better than others. I wish to be among the rich German culture, diversity, and good exposure. Studying in Germany will enable me develop personally and professionally. I wish to seize the chances presented for overseas students as well as the excellent education. Key elements in my choice to study here additionally are the nation's robust economy and emphasis on sustainable development.

Following completion of the Master's program in International and Development Economics, I see myself working for companies including the **World Bank, International Monetary Fund, or United Nations**. Working as an **Economic Analyst or Development Economist**, I hope to help to create and carry out policies supporting sustainable economic growth. Working is another choice that appeals to me since the nation presents lots of chances for experts in this domain.

**Finally**, I am sure that my academic background, real-world experience, and love of economic development qualify me to be a perfect applicant for the Master's degree in International and Development Economics at HTW Berlin University of Applied Sciences. Starting this fascinating road and helping to advance the topic of sustainable economic growth excites me.

**I value your giving my application some thought.**

Sincerely,  
**Omkar Maruti, Kamble**
