

STATEMENT OF PURPOSE

Daya Shankar, Yadav here is writing this statement of intent to convey my real desire in obtaining a **Master's degree in International Business Management at UE**. This curriculum seems to fit my academic background and job goals exactly. I would be happy to offer fresh ideas that will define worldwide business going forward.

Academic and professional

Under the Central Board of Secondary Education, New Delhi, India, I finished my classes tenth and twelve in 2019 and 2021. Also I have completed my **Bachelor of Business Administration (BBA)** program at Maharshi Dayanand University, Rohtak, India. Over my studies, I have developed a thorough awareness of business concepts including regulations, management, communication, and corporate organization. Extracurricular events and different training programs have further boosted my academic path. Having finished courses in stock market basics and digital marketing, I have expanded my knowledge and abilities in both fields.

From October 2023 to March 2024, my career experience is as an **SEO Executive at Thaver Tech Pvt. LTD., India**. In this capacity, I created high-quality SEO material, performed on-site and off-site research on web SEO competitiveness using Google Analytics, and created performance reports. This knowledge of **digital marketing** techniques and practical abilities has come in really handy. I also took part in Kotak Securities LTD.'s Financial Literacy program "**Kona Kona Shiksha**," where I answered 60% on the next question.

Why this Program?

Different personal and professional experiences drive me to study international business management. Growing up in a family run small business, I have always found the dynamics of company operations and the effects of globalization to be fascinating. One significant incident that caught my interest was my work in the business sector, when I saw companies struggle to fit foreign markets. This encounter made clear the need of experts able to negotiate the complexity of worldwide corporate environments. Modules like International Marketing and Global Strategic Management especially appeal to me since they will provide me the knowledge and tools to properly handle these issues.

This program presents a complete curriculum covering fundamental elements of international business, hence I am quite driven to study it. Technical knowledge and interpersonal skills are among the learning results of this program; these are absolutely vital for my personal and professional development. The curriculum will enable me to lay a firm basis in international business procedures and equip me for a prosperous future in the sector.

Why UE?

Studying at **UE** will expose me to several points of view and creative ideas that will be quite helpful in my next job. Because of its outstanding credentials and rankings, UE is a great fit for my studies. Modern buildings and first-rate instruction are hallmarks of the university. UE offers a rich intellectual atmosphere based on a varied student body and seasoned teachers. The chance to study in the city where UE is situated excites me especially since it presents many attractions and a dynamic cultural landscape. For M.Sc. International Business Management graduates, the local employment market is good; corporations like Siemens and Deutsche Bank are aggressively seeking individuals in this discipline. Along with academic advantages, studying at UE will help me grow personally and professionally.

Why Germany?

Germany's great educational system and strong focus on research and invention motivate me to apply there. I want to remain in Germany since my field of study receives better quality than in other countries. Rich German culture and diversity will open my horizons and help me grow personally by means of exposure. German practical education will enable me to acquire the competencies required for success in the worldwide employment market. I aim to seize the chances Germany presents for both academics and business, so laying a strong career in international business.

Occupation Objectives

Following completion of the Master's degree in International Business Management, I see myself employed in positions such **business development manager, global marketing manager, or international business consultant**. Working in any country will allow me to assist multinational businesses negotiate the complexity of foreign markets and contribute to their expansion. This curriculum will equip me with the knowledge and abilities required to shine in these positions and influence the worldwide corporate scene.

Summary

Finally, I am sure that my academic background, work experience, and dedication to international business qualify me to be a Master's program in International Business Management at UE perfect candidate. I am eager to start this fascinating road and provide the program my knowledge and enthusiasm. I value your giving my application some thought.
