

Letter Of Motivation

I am **Omkar Maruti, Kamble** am writing this letter to demonstrate my motivation towards to seeking admission for the **Master's in Logistics MBA from DIU**. Having gained practical expertise in multiple business domains and a strong foundation in commerce principles, I am enthusiastic about being part of an academic setting that fosters critical thinking, intellectual development, and hands-on learning.

Academically, I finished my **Bachelor of Commerce at the University of Mumbai with a CGPI of 7.55, (German grade of 2.2)**. I studied a wide range of topics including Financial Accounting & Auditing, Business Development, Business Economics, Direct & Indirect Taxation, Business Communication, and Advertising. I completed 15 years of English-medium education successfully shows my language ability.

Apart from my intellectual success, many careers and internships have given me invaluable experience. My interests are trade, travel, and photography, which have helped me to grow to have a varied personality. These pursuits have helped me to appreciate the need of patience, observation, and analytical abilities qualities necessary for a successful career in international business and economics.

Why DIU? I decided to complete my degree at **DIU** because of its great reputation, robust academic program, and dedicated student body. DIU is renowned for its superior research and education programs, which makes it the perfect location for my academic endeavors. Students can expect a supportive environment from the university's well respected instructors, campus location, and resources. I am drawn to DIU despite the fact that I have no personal ties there because of its dedication to student success and strong emphasis on practical learning. My decision is further supported by the presence of renowned research facilities and knowledgeable instructors in the field of logistics. The university provides a variety of tools to help students in their academic and personal growth and has a varied student body. Applying has been influenced by friends of mine who have studied at DIU and had glowing recommendations of their experiences. The DIU site appeals as well because of its rich past and lovely surroundings. The idea of studying in a city with a strong cultural scene and lots of chances for outdoor sports excites me.

Why Germany? I want to apply in Germany since it has an excellent educational system that is renowned for being both reasonably priced and of the highest caliber. I plan to remain in Germany since, in comparison to other places; the quality of education here is much higher. I'm interested in taking in the rich German culture, diversity, and positive exposure. Because Germany offers a special combination of academic and practical learning—a crucial component for my field—I decided to pursue a master's degree there. I think that going to school in Germany will benefit my career and personal development. German culture is well-known for its efficiency, accuracy, and inventiveness, all of which go in nicely with my professional goals. I wish to immerse myself in this culture. The chance to learn from top professionals and acquire useful knowledge in a nation renowned for its robust economy and technology developments appeals to me. Being an international student makes me feel protected and I want to be around in a culturally varied setting. With Germany's educational system, I hope to develop personally and professionally alike. Discovering Germany's rich cultural and historical history will enhance my educational process.

Why MBA in Logistics? I became interested in **Master's in Logistics** during my undergraduate studies after seeing the significance of these topics to the global economy. I became aware of the significance of effective logistics after a family experience in which we encountered considerable delays in obtaining necessities. This firsthand experience, along with my educational background, has motivated me to find answers for these kinds of problems. The DIU Logistics MBA program offers subjects including International Trade, Logistics Technologies, and Supply Chain Management, which really catch my attention. I am very motivated to study these subjects since they will provide me the interpersonal and technical abilities I need to succeed in this industry. In addition to helping me personally by improving my problem-solving and decision-making skills, this program will help me professionally by preparing me for leadership roles in supply chain management and logistics. Through the learning results of this program policy knowledge and interpersonal skills I hope to develop both personally and professionally. This training will, in my opinion, equip me with both professionally and interpersonal abilities, therefore enabling me to advance both personally and professionally.

Positions like **operations manager, logistics coordinator, and supply chain manager** are what I want to work in. Through the Logistics MBA program, I will have the chance to acquire the abilities and information required to succeed in these roles. My aim is to enhance the efficacy and efficiency of supply chains, guaranteeing the timely and economical delivery of goods. My long-term objective is to assume leadership positions that will enable me to promote innovation and enhancements in supply chain management and logistics.

In Summary, I am sure that the Logistics MBA program at DIU is the best place for me to achieve my goals in both academia and the workplace. I'm devoted to taking advantage of this opportunity and developing into a skilled and morally-driven logistics professional since I have a strong passion for logistics and a desire to learn and develop. I appreciate your consideration of my application. I'm excited about the prospect of joining DIU's active academic community and starting this path to fulfill my ambitions in supply chain management and logistics.

Regards,

Omkar Maruti, Kamble
