

Statement Of Purpose

I am **Omkar Maruti, Kamble**. I am writing this letter to demonstrate my motivation towards seeking admission for the **Master of Entrepreneurship and Innovation Management at TU Darmstadt**. By means of this declaration of intent, I hope to convey my academic achievements, driving forces, and passion in learning about Entrepreneurship and Innovation Management.

Academically, I finished my **Bachelor of Commerce at the University of Mumbai, India, with a CGPA 7.55 (German Grade: 2.2)**. Before that I have completed my 12th and 10th from Maharashtra State Board of Secondary and Higher Secondary Education, Pune, India in 2020 and 2018. After effectively finished 15 years of English medium school, I have improved my communication abilities.

I studied disciplines including Business Development, Business Economics, Financial Accounting & Auditing, Direct & Indirect Taxation, Business Communication, and Advertising while attending the University of Mumbai. These disciplines gave me a strong basis in trade and economics. My academic background and love of deciphering economic behavior have driven me to get this Master's degree. My interests in photography, travel, and trade have also helped me to grow to have a well-rounded personality and a strong passion in seeing and evaluating human behavior in many settings.

Why This Course? My passion in **Entrepreneurship and Innovative Management** stems from my need to offer meaningful solutions for social issues. During my undergraduate studies, I saw how creative company models affected society and came to see how much entrepreneurship may influence good change. For a workshop on business development, for example, I discovered the value of innovation and problem-solving in generating fresh company concepts. This encounter piqued my desire in working in innovation management and entrepreneurship. This education will, in my opinion, equip me with the economically know-how and social skills required to handle problems and create original ideas. Using my knowledge can help other sectors' commercial procedures and analysis quality to be better. Through the learning results of this program policy knowledge and interpersonal skills I hope to develop both personally and professionally. This training will, in my opinion, equip me with both professionally and interpersonal abilities, therefore enabling me to advance both personally and professionally.

Why This University? **TU Darmstadt's** great reputation and academic quality drew me in to apply. Ranked among Germany's best universities, the university's dedication to research and invention fits my career path. Modern facilities and a dynamic student population at TU Darmstadt will provide me an interesting classroom. The institution also sits in Darmstadt, a city with a strong economic scene and rich cultural legacy. Studying at TU Darmstadt will surely give me important exposure to many points of view and chances for both personal and professional development. Directly relevant to my academic background and job goals, the program's courses in Business Model Development, Innovation Management, and Entrepreneurial Finance include. The chance to study with other students on practical projects and learn from seasoned faculty members excites me most. This degree will provide me with the technical know-how and social skills required to thrive in the exciting domains of entrepreneurship and innovation.

Why Germany? Germany's outstanding educational system and chance to learn from some of the top universities worldwide appeal to me as a place for study. I want to remain in Germany since the field of education here is much superior to that of other countries. I wish to be among the rich German culture, diversity, and good exposure. Germany's great focus on research and innovation led me to decide on it for my master's degree. Studying in Germany will enable me to develop personally and professionally equally. I choose to study here since I wish to fully engage myself in the facts on Germany and its culture. Being an international student makes me feel protected and I want to be around in a culturally varied setting. With Germany's educational system, I hope to develop personally and professionally alike. Discovering Germany's rich cultural and historical history will enhance my educational process.

After finishing my Master's, I hope to get employed in a progressive organization as **an Innovation Manager or Business Development Manager**. My master's excites me especially since I can add to the active startup scene and use my expertise to tackle practical problems. The knowledge and abilities acquired from this degree will equip me to have a successful career in entrepreneurship and innovation management, so enabling me to significantly influence society.

With the direction of respected departmental faculty members and my love of the topic, I think I can excel in the program. A compassing your prestigious university and adding to the active intellectual community at TU Darmstadt excites me. I value your giving my application some thought. Starting this interesting road and helping to advance entrepreneurship and innovation management excites me.

Sincerely,
Omkar Maruti, Kamble
