

Statement Of Purpose

I am **Omkar Maruti, Kamble**. I am writing this letter to demonstrate my motivation towards to seeking admission for the **Master's in Economic Behavior and Governance at the Uni Kassel**. By means of this declaration of intent, I hope to convey my academic achievements, driving forces, and passion in learning about economic behavior and government.

Academically, I finished my **Bachelor of Commerce at the University of Mumbai, India, with a CGPA 7.55 (German Grade: 2.2)**. Before that I have completed my 12th and 10th from Maharashtra State Board of Secondary and Higher Secondary Education, Pune, India in 2020 and 2018. After effectively finished 15 years of English medium school, I have improved my communication abilities.

I studied disciplines including Business Development, Business Economics, Financial Accounting & Auditing, Direct & Indirect Taxation, Business Communication, and Advertising while attending the University of Mumbai. These disciplines gave me a strong basis in trade and economics. My academic background and love of deciphering economic behavior have driven me to get this Master's degree. My interests in photography, travel, and trade have also helped me to grow to have a well-rounded personality and a strong passion in seeing and evaluating human behavior in many settings.

Why This Course? I am studying on a **Master's in Economic Behavior and Governance** since it intrigues me how political policies and governance can affect human behavior and society results. Uni Kassel's advanced courses which fit my academic interests and professional objectives cover subjects including Behavioral Economics, Governance and Public Policy, and Economic Analysis of Law. Investigating how economic theories may be used to address practical issues including enhancing public policies and advancing sustainable development particularly excites me. Acquiring thorough understanding in this sector would, I hope, help me to support significant social transformation. This education will, in my opinion, equip me with the economically know-how and social skills required to handle problems and create original ideas. Using my knowledge can help other sectors' commercial procedures and analysis quality to be better. Through the learning results of this program policy knowledge and interpersonal skills I hope to develop both personally and professionally. This training will, in my opinion, equip me with both professionally and interpersonal abilities, therefore enabling me to advance both personally and professionally.

Why Uni Kassel? **Uni Kassel** appealed to me because of its strong reputation in the disciplines of government and economics. Ranked among the best institutions in the world, Uni Kassel provides first-rate facilities and research chances. The varied student population of the university will give me a rich cultural experience and the chance to grow academically from among peers. I also have others who have attended Uni Kassel and have had great comments about the active campus life and friendly staff. Additionally appealing to me as a perfect destination to live and study is Kassel, with its rich past and cultural attractions. Strong relationships between the institution and these businesses will, in my opinion, offer outstanding internship and employment prospects, so enabling me to progress in my career. Studying at Uni Kassel will, in my opinion, enable me to expand on my knowledge and abilities in this subject, so enabling me to reach my professional objectives. Although I do not know anyone personally at Uni Kassel the outstanding research facilities and academics linked with the program really inspire me.

Why Germany? Germany spends a substantial portion of its GDP in research and development, hence it shows great focus on this area, and hence I wish to study there. The high standards and pragmatic approach of the German educational system will provide me great experience. The variety and culture of Germany particularly appeal to me since it presents a special fusion of modern and classic inspirations. Studying in Germany will provide me the chance to engage with individuals from all backgrounds and acquire a worldwide viewpoint, so helping me to grow both personally and professionally. Being an international student makes me feel protected and I want to be around in a culturally varied setting. With Germany's educational system, I hope to develop personally and professionally alike. Discovering Germany's rich cultural and historical history will enhance my educational process.

This Master's program will, in my opinion, present me several employment paths. I want to be in positions include **research associate, economic consultant, or policy analyst**. These roles will enable me to apply acquired knowledge and abilities from my education to practical problems. I value your giving my application some thought. The chance to develop inside your prestigious university and help excites me. Using my knowledge, I hope to propel corporate expansion and help the companies I deal with to flourish.

Finally, I am sure that my academic background, inquisitiveness, and will to succeed in the Master's program in Economic Behavior and Governance at Uni Kassel will be assets. This chance will help me to better grasp the field and equip me with the tools and information necessary for a fulfilling job in consulting, policy analysis, or research. Starting this scholastic road with a great will to help society by means of fresh ideas and discoveries excites me.

I value your giving my application some thought.

**Really,
Omkar Maruti, Kamble**
