

Letter Of Motivation

My name is **Omkar Maruti, Kamble** and I am excitedly writing this letter to say I want to pursue a **Master in Finance programme at Hochschule Schmalkalden's**. Having graduated from the University of Mumbai, where I developed a strong basis in disciplines including Business Economics, Financial Accounting & Auditing, and Direct & Indirect Taxation, I am eager about the chance to deepen my knowledge and experience in Finance at your prestigious university.

Academically, I finished my **Bachelor of Commerce at the University of Mumbai with a CGPI of 7.55, (German grade of 2.2)**. I studied a wide range of topics including Financial Accounting & Auditing, Business Development, Business Economics, Direct & Indirect Taxation, Business Communication, and Advertising. I completed 15 years of English-medium education successfully shows my language ability.

Apart from my intellectual success, many careers and internships have given me invaluable experience. My interests are trade, travel, and photography, which have helped me to grow to have a varied personality. These pursuits have helped me to appreciate the need of patience, observation, and analytical abilities qualities necessary for a successful career in international business and economics.

Why Master of Finance? The **Master of Finance program** at Hochschule Schmalkalden offers a curriculum that is precisely in line with my goals for both my education and profession. Crucially for tackling financial difficulties, the curriculum comprises a thorough list of subjects including Financial Management, Investment Analysis, and Risk Management. During my undergraduate studies, when I found great fascination in the complexity of financial markets and the function of financial management in corporate performance, I started to get interested in finance. One project on investment analysis from my bachelor's degree really inspired me to work in finance. This program will equip me with the tools and information required to become a competent financial analyst and solve practical financial issues. Through the learning results of this program policy knowledge and interpersonal skills I hope to develop both personally and professionally. This training will, in my opinion, equip me with both professionally and interpersonal abilities, therefore enabling me to advance both personally and professionally.

Why Germany? The fantastic reputation Germany has for innovation and research makes me want to apply here. Germany is where I wish to stay since the field of education here is significantly better than others. Rich German culture, diversity, and decent exposure appeal to me. Germany's focus on industry contacts and practical learning helped me decide on it for my master's degree. Studying in Germany will provide me a worldwide viewpoint and a thorough awareness of financial systems, so helping me to develop both personally and professionally. Discovering the German way of life, which is renowned for its sustainability, accuracy, and inventiveness, excites me especially. The variety and culture of Germany particularly appeal to me since it presents a special fusion of modern and classic inspirations. Being an international student makes me feel protected and I want to be around in a culturally varied setting. With Germany's educational system, I hope to develop personally and professionally alike. Discovering Germany's rich cultural and historical history will enhance my educational process.

Why Hochschule Schmalkalden? I'm excited to apply to **Hochschule Schmalkalden** because of its stellar reputation in both teaching and research. The institution is the perfect place for me to continue my studies since of its emphasis on practical learning and solid industry contacts. With around 3,000 students, Hochschule Schmalkalden presents a lively and encouraging community. The university is situated in an area noted for technological innovation and is well-equipped with contemporary conveniences. Though I don't know anyone personally at the university, the faculty's knowledge and the prominent research centers really wow me. Schmalkalden offers students inspirational surroundings with its historical appeal and contemporary conveniences. For recent graduates in finance, the local employment scene has great possibilities with businesses like Siemens and Bosch. Attending Hochschule Schmalkalden will equip me with intellectual, personal, and professional advantages as well as help me to be ready for a successful career in finance.

After finishing the Master in Finance, I want to work in **risk management, investment banker, or financial analyst** capacity. This curriculum will, I think, provide me the tools I need to succeed in these roles. Using the information and expertise acquired from this program, I hope to contribute to the financial industry and stimulate constructive change. Working with multinational corporations and financial institutions that support strategic thinking and innovation excites me especially.

Consequently, I see that the Master in Finance degree at Hochschule Schmalkalden would be very helpful to me both practically and academically. Encouraged by the demanding course of the program and the first-rate facilities of the institution, I am sure I will be ready to shine in the field of finance. I value your giving my application some thought. The chance to fulfill my career goals in finance and add to the academic community at Hochschule Schmalkalden excites me.

Sincerely;
Omkar Maruti, Kamble
