

Statement of Purpose

I am **Siddhi Nitin, Naik** born November 24, 2001, in Satara, Maharashtra. Technology has interested me since I initially played with my family's old computer. This curiosity, together with my computer science and engineering studies, led me to pursue a **Master's in Computer Science at TU Darmstadt**. This curriculum is perfect for expanding my knowledge and interest.

Academic and Professional Background: I finished my tenth grade in 2018 and my twelve grade in 2020 with **86.5% (German Grade: 1.60) and 83.85% (German Grade - 1.75) scores**. At Savitribai Phule Pune University, where I have completed my **Bachelor of Engineering**, I have a **CGPA of 8.88 (equal to a German mark of 1.56)**. During my academic path, I worked on **web development projects interning at CollegeRanker** in India. This encounter inspired me to study more about data science and technology since it piqued my curiosity in the fields. I have also finished other technical classes and seminars, including **"Business Intelligence Using BI"** from Skill Nation and **"Complete Python 2024 for Absolute Beginners"** from Udemy. Having completed the **IELTS with an overall band score of 7.0**, I can be sure I am ready for this academic path.

I have also taken other classes, including **"TCS iON Career Edge - Young Professional course"** from TCS and **"Master the Coding Interview: Data Structures + Algorithms"** from Udemy. These encounters have given me necessary practical knowledge and abilities for my subject of study. Developing a deep learning-based speech-to-text system for my bachelor project, **"Lip Reading using Machine Learning: Enhancing Speech Recognition and Accessibility,"** sharpened my technical abilities and stoked my passion in computer science.

I wish to study at TU Darmstadt because of its high rating and reputation. The Computer Science program at TU Darmstadt is among the world's best. I'm delighted to learn from seasoned instructors and use cutting-edge facilities. The university's corporate and academic affiliations provide networking and learning opportunities. Darmstadt, with its dynamic culture and many work prospects, also attracts me. TU Darmstadt will prepare me intellectually, personally, and professionally for a successful computer science career.

Germany has excellent engineering and data science education, so I applied there. I want to experience Germany's amazing culture, variety, and education. Germany's vibrant study environment and multinational student community will help me improve personally and professionally. I wish to learn more about Germany's work culture, which values precision and thoroughness, to help my career. Personally, it will allow me to explore a new culture and create a global network. Germany's devotion to research and innovative ideas, together with its strong economy, makes it a great destination for me to pursue my master's program

The Master's in Computer Science at TU Darmstadt matches my interests and professional aspirations, thus I'm interested. I am delighted to expand on my computer science background from undergraduate courses and projects. I like "Advanced Machine Learning" and "Data Science and Analytics." These courses will provide me the technical abilities and expertise to solve complicated field challenges. I'm also delighted to work with different classmates and learn from seasoned professors. This curriculum will improve my technical and interpersonal abilities, which are crucial to my career.

I want to be a **software developer or cyber security analyst**. Master's in Computer Science from TU Darmstadt will provide superior technical and interpersonal abilities for these roles. I will graduate with a solid computer science background and practical experience via internships and projects, equipping me for a successful future.

I think I'm perfect for TU Darmstadt's Master of Computer Science program. My strong academic background, relevant work experience, and love for computer science make me ideal for this program. I'm delighted to use this program's chances and contribute to TU Darmstadt's academic community. I appreciate your consideration of my application.

Truly,
Siddhi Nitin, Naik
